CABBAGE STUFFED. —A stuffed cabbage makes a good dish, but many who like cabbage do not cook any on account of the smell which it evaporates while cooking. This is easily prevented by putting in the pot or pan with the cabbage a piece of charcoal wrapped up in a rag, and by simmering the cabbage instead of boiling it. Clean and blanch the cabbage in boiling water and salt for about ten minutes; take off, and drop it into cold water, and drain; remove a few of the centre leaves, and fill their place with sausage meat, to which you may add a few yolks of eggs. I believe hundreds of lives were saved, under God, by it. The cholera appeared here soon after we received it. We resorted at once to the Pain Killer, using as directed for cholera. A list was kept of all to whom the Pain Killer was given and our native assistants assured us that eight our of every ten to whom it was prescribed, recovered it has, too, been very usefal in various other dis eases. INFLAMMATORY DISEASES.

Dr. Trask was engaged for twenty years in a course of experiments upon the medical properties and power of vegetables, separate and combined. At the age of seventy years he succeeded in presenting to the world, as the result of his experiments, a combination of Vegetable extracts, the power of which in removing diseases is unequaled in the annals of Medicine.

His discovery consists in a combination of these powerful Vegetable Extracts with Electricity or Magnetism in the form of an Ointernation of the second of th

ment.

Certain, it is, that the remarkable and unprecedented success which has attended its application in the cure of diseases, stamps it at once as the greatest discovery of the age, and calls for a trial and close investigation of its properties.
It never fails, while there remains sufthever fails, while there remains sufficient life to restore a natural and healthy action to the capillary vessels of the body, and equalize the circulation of the blood. By this means a controlling power is gained over the most malignant forms of disease, which cannot be obtained from any other remedy.

Such is the power of this combination, that it penetrates to every portion of tion, that it penetrates to every portion of the human frame; every bone and muscle, vein, nerve and ligament is searched out and made sensible of its purifying and healing influence. Herea it copes as readily with internal as ex-Hesse it copes as readily with internal as ex-ternal disease.

Numerous instances are on record where this remedy has restored health to pa-tients so near the grave that the most powerful internal remedies killed to produce any effect. Such has frequently been the case in Inflamma-tion of the Bowels.

No patient ever need die with this disease where the Magnetic Ointment can be ob-tained For Inflammatory Rheumatism this Ointment is the most complete remedy ever prepared. For Diphtheria or Putrid Sore Throat it is unrivaled. In ninety-nine cases out of a hundred, it will afford entire relief to the worst cases of Nervous Headache in thirty minutes.

For Nervous Diseases this medicine is of immense value.

Affections of the Spine, Rheumatism, Lameness, Ulccrated Sore Throat, Bronchitis, Pleurisy, Croup, Colic, Cholera Morbus, Ague in the Face or Breast, Burns, Scald Head, Scrofula, Salt Rheum, Erysipelas, Inflamed Eyes, Fever Sores, Sores, etc., will be immediately relieved by the use of Dr. Trask's Magnetic Ointment.

I had suffered terribly with a most acute pain in the right side of my head, especially when I would read or write for any length of time, and on rising to my feet I would be perfectly blind for several minutes, and would have to hold to something to prevent falling. I am most happy to inform you that the pain in my head is entirely relieved: I suffer but seldom with my spine and then not so acutely.
